

NorCal TRACON Visit

General air traffic control overview and behind the scenes look into Northern California TRACON. Techniques and good operating practice for both pilots and controllers when operating in terminal airspace. There will be time for other topics important to pilots and controllers as well as formal question and answers with a controller that works in the facility.

Directions: TBD

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
